Subject: West Ridge -- 4th Quarter 2006 water monitoring

Karla,

Thanks for the notice. You did everything right. I have just been busy the past month and am just now getting to the fourth quarter uploads. Normally I will upload the data within a day of receiving notice from you. This time I received a lot of notices at the same time and early, plus Dana wasn't around then to approve the final download. (Jim Smith does this now.) Anyway....

I have uploaded all of the information from the pipeline into the permanent database. A report is attached.

It seems like you have included all required samples and parameters for the quarter of. As the assigned hydrologist for the mine, I will verify that all the required data is present by the end of the second week of the next quarter (April 13). You may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Thank you,

Steve Fluke
Senior Reclamation Hydrologist

Thanks... For the time being, please e-mail me. Pam

>>> "Karla Knoop" <kknoop@jbrenv.com> 3/12/2007 8:59 AM >>>
Pam,

I see that, as of this morning, West Ridge 4th quarter water monitoring data is still in the pipeline (original notification was made on Feb 5th via email below).

Should I be coordinating directly with Steve Fluke about this? Since this is the first time that I've been directly responsible for notifying the Division about water monitoring submittals, I'm not sure if I've missed out on exactly what I should be doing, and I just want to make sure that things are covered!

Thank you --
Karla

Subject: UtahAmerican facilities -- 4th Quarter 2006 water monitoring

Pam,

If I understand correctly, as a consultant to UtahAmerican Energy, Inc. (UEI), I now have the authority to notify the Division on UEI's behalf when water monitoring information is in the UDOGM database pipeline and is acceptable for submittal. This email is to notify you that 4th quarter, 2006 water monitoring data is in and ready to be uploaded for these three UEI facilities:

Wildcat Loadout C/007/033

Centennial Mines C/007/019

West Ridge Resources C/007/042

Please let me know if you or the assigned hydrologists have any questions about this submittal.

Thanks!
Karla Knoop
